I. Advisory Reports

Megan Johnson -President- meet all advisory, zipride.com only wsc students can look at and find a ride- \$1,500 one time cost- offer expires soon (jan. 1)--- senators need to go and ask

- need to talk to computer services and see if compatible
- is there any way computer services? No
- computer services: no such thing as free, be cautious-- what is their gain if its offered so cheaply? Could possibly compromise safety because giving out your identity
- SGA decides to keep ride board as is

Guthrie Lowe-VP Internal- 1st week of classes no SGA but spring “retreat” Jan. 14th 7:30-9pm will have dinner

Laura Franco-VP External- get a letter from Andy romanoff thanking us for having him

Erin Nelson- Treasurer- time cards need to be signed-- next time card needs to be signed before but we don't meet before they're due

Natalie Ehlers- Intramurals- dodgeball finals tomorrow

Jordan Cooper- Secretary- if bill in future email to me before

II. Senate Reports- green house and limited pages

Soliel Smith- sustainability coalilition greenhouse a good idea and people negative about limited pages

Cory Vander Veen- pages wanted even lower amount of paper and green

house thumbs up

Eric Freson- greenhouse thumbs up, if not use self still good as a whole; paper-even below 600

Julie Larson- greenhouse yes!; paper mixed seniors possibly get more?

S. Alex Ristorcelli- supported on all

Skye Steed- no report

Justin- paper: don't mind being lowered or willing to pay if do go over;

greenhouse: people wanted an email so that they are kept in the loop if passes

Jenny- greenhouse: love; printing: some concerned because of number of credits

Richard- greenhouse: good; printing: concerned about credits

Cassi- paper: is semester to semester? Or roll over? Answer is yes and then no

Karen- greenhouse: yes; printing: 600 is tons but some seniors worried

III. Committee Reports

- Richard- needs to talk to cassie and gary about sustainability
- alex- surveys?

IV. Discussion Items

- Bill #02-12-10-08-how are 4 students selected? All theater majors open and then decide
 - is driving an option? But right after spring break and drive is 2 days
 - fund raising? Students have to pay for everything if no support-- many places helping but no fund raising
 - will help the college? 2 productions a year and this conference will help expand and increase standards of theater
 - vincent cleveland: student planning to attend--- anything in taylor uses peak production's stuff, conference helps to learn to do this more effectively
 - there is someone who will fill his shoes
 - how will this benefit since this is your 3rd time?
 - All kinds of things to focus on
 - since brought up last day we meet of this semester we will vote second meeting (Jan. 28th)

V. Action Items

- Campus printing-executive talked about this, don't have power but would like to recommend to senate to table this motion until megan talks to faculty
 - getting a dialog box to show how many pages people use/have used
 - vote on dialog box?-- yes can make need to figure out what needs to say in the box
 - would it be possible to add that dialog? Yes
 - talk to faculty- double sided because some don't accept double sided
 - 600 pages or 600 images, but with finals could change and raise
 - 300 pages (600 images)
 - faculty needs to have a limit because usually faculty who use higher amount of paper demand more
 - need to raise awareness
 - toner is another resource (more expensive than paper) so will save paper, toner, and energy
 - anyway if seniors can get more paper? Or by credit hours? Yes could be possible

- other schools do papers per credit, that option is possible
- Mellisa (in galley)- wise choices on campus and president's climate commitment- need to limit waste is key
- this would be first time and lots would be learned- if number needs to be changed later could be amended
- don't want to convince most people just those who are extreme
- thing there will be push back- change at semester?
- Last spring this was brought up so software- go to screen and say print mine and people are in line- can cancel or keep going, but printer release station- you can print yours and skip others if there is a bunch of the same
- people may bitch but get used to it
- in other colleges print it to monitor and then print from there
- is possible that people can repeal if legit reasons
- would like to get faculties take on this
- call to question: table it until faculty meeting or vote tonight
 - will force president's commitment
- 3 no's does pass- can implement dialige box
- The sustainability coalition and the OLRM 352- 1 no

- **Remarks for the Good of the Order**

email ill be off over break but there will be a new email!

Jib jam went well

help clean trash (candy)

IV. Forum

V. Guest Speaker

- Escalante Fitness Center- discussing fitness center, increasing the fee and making it mandatory-- has brought info about what other fitness centers and how much other students pay as well as his costs. He is right tonight to answer any questions that sga may have.
 - Richard: what is the cost? Or making it mandatory?
 - Making it a mandatory \$25 there won't be much improvement at all- the fee needs to be increased to improve and even maintain the fitness center
 - concern: what other cutting has been thought about? Feel like the economy is too bad right now
 - scaling back won't help the students- cutting hours won't do well or getting rid of equipment is also poor
 - what are the plans if get an increase in money?
 - What this for retention and growth-- fitness center not a rec center- need a fitness center that is a fitness center- not an old cafeteria-- not a lot of space, especially the aerobic area – wants dance studio space
 - over the years has hoarded money with the concern of building a field house
 - steps 1 and 2 showers? Surveys has yes and aerobics floor
 - paint has been making the fitness center look better especially for those looking at wsc
 - step 3- actual bball and racket ball courts- could be possible in 2 years-- could be used for intramural sports
 - this is tangible not only 5-10 years down the road
 - cory: talking about growth and right now there are passes to the community-- how will it effect other gyms around the gunny area? Or will restrict?
 - Can only buy a pass if directly associated with WSC or recent alumni
 - passes for the climbing not for other things
 - wants it to stay student oriented because this is and will be our facility
 - julie- how much?
 - Somewhat competitive with other colleges-- \$50 is fair even more would be better-- all the price is how fast there will be improvements
 - have to pay out of pocket-- an equipment needs to be updated because some things are super old
 - want to off set this conversation and go away and make the needed improvements
 - arysa: if raised would it be optional?
 - Is optional now so you can waive it but still use it-- next year if waive it can't use

the fitness center

- averaging \$94,000 a year
- concerning mandatory or optional_- if use it is mandatory and fewer people come but you do that's great for you!
- This is not a drastic measure
- maybe don't make it final, raise it a bit and if need be then do it or if it's all good than leave the slightly raised fee
- classes are for students by students- want an influx and so there is lots of clients-- right now there are 2 trainers and they are also group fitness teacher (total 4 fitness teachers)
- if no money quality keeps going down-- if get money there is improvements
- gary: there needs to be a petition to change the fee increase- the students decide what we want-- martinize is here to enlighten us about what is needed. But with the economy everything will be going up next year.
- Megan: can we make it optional or not?
 - Yes
- gary: we do have some time-- need a referendum for the election- by april and we need to look at the options; think best to set a level
- jeremiah- how long have the schools had this fee increase?
- Not sure but the notes given are current
- megan- wanted to know more from the surveys that he got and collected
 - 182 surveys answers from great to not great- fair over all
 - some people want showers some don't
- justin: why haven't looked at a per hour rate
- richard: have \$50 fee, if use it x times than full rate is paid or if not used at all get some money back
- natalie: intramural sports has to pay so much money to use the floor and it adds but and if there is a scratch on the floor is no good- if there is an extra place than great for the sports-- when were our fees last increased? 2003 is the answer and most of these schools got big facilities-- not just the fitness center is effected
- soliel- saving money is good but financial aid students would get screwed on fewer hours-- not only those who work out
- martinez has an open door policy-- come and talk to him about anything whenever he is there
- people see there have been changes-- slightly cooler- windows now tinted
- has been thinking how to make everyone happy and satisfy everything- save money on personal? But then the hours are limited and the students do not benefit from it
- only room for 150 students when near 300 people come in on an average day-- its a lot so this will impact lots of people
- feel free to question and get everything taken care of-- sga needs to be informed – back in the day the hours were limited and now the hours are open quite a bit and used to be no weekend hours and no summer hours-- now open for xmas and spring break
- go to the constituents and ask them how much they think is fair-- this is not for sga to decide this will be and needs to be voted on by the student body

- martinez: would surveys be alright? So that the student body would be heard? Sga could pass out/ do online-- could set up on or a mass email WOL

VI. Special Topics

- inductions:
 - Micheal
 - Alyssa
- Printing-- what problems are?
 - People have things popping up random from other buildings or being charged for things had-- sometimes not printing anything but being charged for it
 - lots of smash--
 - problems in kelly and the library
 - can we get an email-- what to do about the box that says 5 minutes if don't ok then it does print
 - lots of people don't look at the printers
 - in hurst and gym it doesn't show at all
 - student leaders can ask for more printers but urging don't do that
 - not randy's job to make sure that people are computer literate-- focus on problems that are the system not the students

VII. Advisor Report

jay helman-- had a stroke, if need more information turn to the Top of there is also a blog online with the updates. His speech is still good but needs rehabilitation
 friday- the cabinet- if having a talk and giving blessing for Sole Academic Affairs president to fill in for the president at a time where the president can't fulfill his roles-- but the cabinet does know what helman's plans are/were

- bus schedule for Denver and Gunnison-- purchase tickets online is the best option-- is good for students going to DIA
- dates important handout-- just an fyi about what's up-- preview days feb 20th- march 27 and april 10th (only thing not on the list) but are important for our growth

I. Advisory Reports

Megan Johnson -President- met with construction and architects about names for the dining hall in student centers-- but they want names for stations-- names from around gunny: pizza, grill, euro station – wants to talk to advisor and executive

- bsa-- brought in the speaker (Little Rock Nine), they may come and ask sga for \$

Guthrie Lowe-VP Internal- see senators and melisa

Laura Franco-VP External- amigos will be selling carnival tickets

Erin Nelson- Treasurer- time cards in office, budget committee was great- for the bill thinking about funding for half since the seniors will be moving on-- as for the juniors it will help wsc a bit longer-- want more fund raising, budget next tuesday taylor 7:15 am-- will send an email about it so that we can see what the budget is looking like

III. Committee Reports- 3 climbing comps this semester april 18 and now there is pilates at 11 am at the fitness center mw

- Strategic planning meeting- future changes for the school one of which is the fitness center

IV. Discussion Items

● **Bill #03—01-21-09**

- now want to cut it in half- by funding the under classmen- now only 1 underclassmen attending-- asking \$750 to help them all can help to recruit students- volunteer hours have been numerous
 - one peak board have 2 hours a week and designing for shows- average 10-12 hours and have gone over hours
 - at itt- will present and if top then will be published in trade journal
 - each students for conference fees \$160
 - what has already been paid? The full amount and also \$65 membership fee
 - to amend it to 3 students
 - going with people have gone before- the beginners learn more by being able to follow them around- so should give the \$ to all
 - hopefully more studetns will want to go and even have our own wsc booth one day
 - please at next week the budget committee needs to know and understand whats all going on because that's why the funding was cut so much

- present to constituents the new info

V. Action Items

- **Remarks for the Good of the Order**
- blood drive wed. 28th 9am-2pm

next week bring survey in- completed about 600 kids answered- how gunny can support wsc- met with people from the community so that the quality of life for students will get better- will go to the cabinete-

- nunn construction trailer broken into- lap top taken- disheartening don't know if it was students, if anyone knows anything let gary know about it
- student center a month a head-- end nov. 2009, come march can arrange tours so we can see what it looks like- the second floor is finished-- nunn looking into reaching out to students

I. Advisory Reports

Megan Johnson -President- poster for President Helman, there is a poster and slide show for him so let's all sign the card and send it to him- and pose for a picture- that would be wonderful! In senate reports suggest names for eating places, advisory next wed meeting at 6 in ute- david resigned and matt took over and will be here next week- feel free to talk to megan after with any concerns Guthrie Lowe-VP Internal- remind everyone there is a dress code- no jeans and no hat, will present a professional atmosphere- there were comments after the last meeting from people not in SGA

Laura Franco-VP External- contracts for service this year- safe ride will get 4000, nordic club 4000\$ wsc recruiting \$10000 and tenderfoot 5000\$

Erin Nelson- Treasurer- time cards in the office, go sign them, budget meeting this morning, megan has a graph if anyone wants to see it, short fall 60000\$, normal pull from reserves but only-17,000\$ over so should cover the short fall- normally cover it-- budget recommends it

--for bill- vote to fund fully 742\$, were worried about committee service and fundraising hours- decided that the work they do for the school is enough so senators if represent a bill need to commit to it- budget meetings and sga meetings- if you are going to sponsor a bill

- gary: to take the additional revenue-- goes on action items next week

Jeremiah Giambartolomei-Senate Chair- halley will take the senate board in borick- senators step it up and get them all due and due on time- but halley doesnt have to worry since her board is not in yet

Aryssa Fairless- ICC- last week gave bsa 100\$ for carla (little rock 9) and winter carnival coming up and nice if sga set up a booth at a club fair, nice for sga to be involved- anyone who is interested contact aryssa

Annika Haghwout- Student Affairs/ Health Wellness- nr

Erin Osleson- Athletics- basketball hosted mesa last night- women won 5 straight and men lost-- all other teams away this weekend

Natalie Ehlers- Intramurals- bball starts tonight

Jordan Cooper- Secretary- get me the bills!

II. Senate Reports

Soliel Smith- megan- pissa place :slice of heave;, grill: hot topic; next weekend rugby massacre in breck; fitness center- many feel no don't pay the full fee, make it optional but if opt out then can't use it; more money for peak production

Cory Vander Veen- 4 rivers names for the restraunts; fitness center- liked it but unfair that they are paying a lot for not being able to see; peak production- nr

Eric Freson- no suggestions for names; bill peak productions most are in favor- good thing, those against hung up on the senior and junior thing; fitness center- saw benefits for all-- even if they are not around, just like the student center

Julie Larson- names for restraunts not recommended; approve \$ for peak productions; fitness center- thought fee too low, down for 50\$ and think it should be an optional period for those that don't go to the fitness center

S. Alex Ristorcelli- no names; support for peak; fitness center- complaints for it but with wsc student will complain about all \$, but will do it because they will use the gym

Justin- no names; peak: those not for it not associated for it, but many were in favor; fitness center- 50\$ seemed fine, many want it to be optional

Jenny- fitness center- 50\$ no problem, mostly talked to ESS major and fitness center is over due; bill- no opposition; and no names

Richard- peak: for it; names: no serious names; fitness center- a few said they don't use it or not often, so don't want to pay in that case, but personally if we don't contribute than no one will but it is necessary and need to think about those who don't want it, pay as you go...?

Karen- name: apline and blue mesa grill; fitness center: agree that we do pay less than other schools really want to see results; peak: all good

Micheal- peak: yes; 18/23 for raise of fee and fine to be manditory-- want to see results; no names

Melissa- not here

Halley- n/a

Erik- need 10% of the body to participate and they are usually active on campus and usually vote yes

III. Committee Reports

none

IV. Discussion Items

- Escalante Fitness Center- guthrie: gary mentioned than chris said more then he should have-- not something vote on in the next few weeks, nothing to do for a while, fee change like this they need a proposal and then we present and put on spring ballot and the student body votes on it; good to let people know whats going on but nothing will be happening for a while
- megan: think about other fees that will be increasing, maybe shouldn't decide anything for a while

I. Advisory Reports

Megan Johnson -President- talked to IT people about the printing job and sent Megan an email- making the box pop up sooner to let students know they have 5 minutes before it is deleted. Also willing to work with student leaders-- should use faculties. There are something they want to promote more, people are flustered about going over 600 pages. Some ideas: 1. talk to people and see what they say, can eliminate the ok box, or if it helps people then we can keep it. 2. problems printing in Borick in 113 sending it in there and it doesn't count again students, people going in during class to pick up paper- so block sending printing job to other buildings. 2 numbers show up: credit balance and total printed. IT more than willing to work with us all. If we want them to come to a meeting they will

- new or increase student fees report-- Lenard Silence:leg was passed by state so state has to have student fee plan-- to notify students so they know and increase or change-- amended in 2004, some slight changes, will get updated version for the fall; pg. 2 academic fees: field trip charges; charges for services aren't covered under the plan; perminate student fees: wsc sga, sports, computer, union fee, campus development, and sustainability fees; due to inflation will be rising the fees admin. Can increase without notification to students don't have to ask for our approval- 3% is the guess as of right now, but state has not come out. March revenue projections will start giving us more concrete answers-- number could go up or it could go down; have to tell us before tell board of trustees= why he is here; 140\$ increase 2.5 or 2.65, is less than 3% all was rounded down- sga fee, intercollegiate sports up, computes fees up, union operation will be student center-- doesn't pay for bonds but operation up; and campus development and sustainability up. Bond fee: defined as non perminate fees to pay debt, no recommendation to increase it this year, was increased last year in anticipation-- the year after next it might have to be re-evaluated; administration's fees don't exist; voluntary student fees: fitness center fee; \$12.30 increase to student fees; basically waiting for the state to tell us what is going to go on!
